## REPORT.

Office of State Board of Directors  
of the

South Carolina Dispensary.

Columbia, S. C., January 9th, 1903.

*To His Excellency, M. B. McSweeney, Governor of South Carolina:*

We have the honor to submit herewith a statement of the business done by the State and County Dispensaries during the fiscal year ending November 30th, 1902.

By reference to the several statements hereto attached you will note that the total cost for the year, of liquors, beer, wines, etc., has amounted to \$1,664,870.77, and the total sales (exclusive of fresh beer) have been \$2,406,213.50.

The net earnings for account of the School Fund for the fiscal year, which have been placed to its credit, have amounted to \$123,699.57.

The net profits that have accrued to, and have been equally divided between the counties and towns, have been \$443,198.76. We have paid from our assets into the School Fund one semi-annual payment of \$50,000.00, and will, within two weeks, pay \$50,000.00 more, looking to a reduction of the School Fund, as required by Act of the General Assembly, approved February 26th, 1902. In addition to that, we have paid the quarterly earnings as they have accrued in favor of the School Fund for the nine months since this Act became effective, which have amounted to \$92,755.91, making the total payments for the School Fund for the year amount to \$142,755.91. Add to this the amounts paid to towns and counties, we find that our grand total of payments for the year for public purposes amounts to \$58,954.67.

You will note that the total net earnings of the State and County Dispensaries for the several funds above mentioned amount to \$566,898.33. The Act approved February 26th, 1902, requires us to reduce the School Fund to \$400,000.00 by the first of January next, and if "School Fund" is interpreted to mean "stock in hand," we have to report that this requirement is impossible of accomplishment if we are expected to meet the public demand for the various kinds

of liquors, beer, wines, etc. Since the State is attempting to enforce a monopoly of the sale of liquors, we have felt it our duty to try as nearly as is consistent with good business principles, to supply every legitimate demand for the popular brands of liquors, and if we keep in stock a reasonable supply of each kind it necessarily involves the investment of a large amount of money. You can readily see that if we do not maintain our stock, these brands required by consumers and not furnished by us, will be imported from abroad for personal use, or by blind tigers.

We have now in County Dispensaries alone a stock of \$406,195.05, which is not excessive for this season of the year. We have real estate, fixtures, etc., at the State Dispensary in Columbia which cost \$59,117.12, and if this amount is deducted from the maximum amount allowed by the Act referred to, our total stock of merchandise and supplies would be only \$340,882.88, which would be \$65,312.17 less than is now in the local dispensaries, and nothing in the State Dispensary from which to supply the County Dispensaries. It is, therefore, our opinion that the State cannot maintain the dispensary system upon a working capital of only \$400,000.00.

In conclusion, we are glad to be able to report that, judging from all information coming to us, the dispensary system has largely increased in popularity as being the best solution of the sale of intoxicating liquors.

Respectfully submitted,

L. J. WILLIAMS,  
Chairman.

H. H. EVANS,  
A. F. H. DUKES,

State Board of Directors.
